

To Whom This Might Concern;

It is indeed my pleasure to recommend Mr. Michael Ponella, friend, and incredible musician. Over the past twenty years, he has been an integral member of my orchestras for many of the major personalities, playing lead trumpet and Flugel Horn. He brings clarity and complete focus to the chair, evident in his physical posture with the instrument always facing "straight out". An important quality.

He is an excellent sight reader, fine jazz improviser, and a delightful person to have on board. I highly recommend him as a major lead trumpet player as well as a great personality.

Yours truly,

Donn Trenner (Orchestra leader, contractor, arranger, conductor, jazz pianist)
