To Whom It May Concern:

As a music producer, I have had the honor of working with Mike Ponella over the last decade in a multitude of configurations. Mike is a first rate trumpet player and outstanding all around musician.

Along with 5 years working on the HBO hit series Boardwalk Empire, I've hired Mike as my first call trumpet and flugelhorn player on countless albums, movie scores and Super Bowl commercials.

Mike is always on time and and totally professional. In big and small groups, he is an asset and a real team player. I recommend Mike to anyone looking for a top notch horn player, arranger and all around beautiful musician.

Mike has been an asset in every recording session we've worked on. It has been a privilege.

Sincerely,

~Stewart Lerman
